- All articles should be about a personal experience or service, or product that would benefit our readers.
- All articles must be 100% original works. An original work means the writing is NOT copied word for word from another source.
- You must be the sole owner of the article and own 100% of the rights to its use.
- You may hire writers to create articles for you, but YOU are responsible for making sure they are original works. You must also be the SOLE OWNER of the article to be able to print your name as the author of the article.
- You may not submit press releases, advertisements, or sales letters. None of those are articles.
- Recipes are not considered articles, unless at least 50% of the word count of the article is narrative text that is not part of the recipe. Recipes that do not meet these standards will be rejected.
- Articles should be 300 - 800 words in length. The ideal length is 400-700 words.
- Up to 3 affiliate or product links are permitted in your article. We HIGHLY recommend using redirects or shortened URLs. Additional non-affiliate/product links are permitted, but articles with excessive links (such as a list of websites and URLs with no actual narrative copy) will be rejected.
- Up to 2 links are permitted in your author box.
- Must use correct English usage, spelling, grammar, syntax, punctuation, capitalization, and sentence structure.
- Proofread your article and check all facts for accuracy.
- Do not submit the same article you have submitted in the past with a new title or only a few words changed.
- Do not stuff articles with keywords. Use of keywords is of course permitted and encouraged, but your article should read naturally and not be stuffed with repetitive keywords.
- Submit your article in a WORD document. An article that have errors and or is unacceptable to the editor, will not be published.

Please submit an authors box with you name, email address and website
